

# Cultural Support Plan

---

City of Gautier, Mississippi

September 25, 2012

# EXECUTIVE SUMMARY

---

The purpose of the Cultural Support Plan is to annually support those efforts that further Gautier's Comprehensive Plan, a document with a 10-year planning horizon. As a City of the first class, Gautier offers one-of-a-kind community events in partnership with our numerous community organizations.

Gautier recognizes that support of family events, fine arts, cultural opportunities, and programs providing a "special sense of place" brings new residents and a growing number of visitors to Gautier each year.
