

System Review Report

To the Owner of
Lloyd B. Marshall, Jr. CPA
and the Peer Review Committee of the Mississippi Society of Certified Public Accountants

We have reviewed the system of quality control for the accounting and auditing practice of Lloyd B. Marshall, Jr. CPA (the firm) in effect for the year ended December 31, 2010. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants. The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review. The nature, objectives, scope, limitations of, and the procedures performed in a System Review are described in the standards at www.aicpa.org/prsummary.

In our opinion, the system of quality control for the accounting and auditing practice of Lloyd B. Marshall, Jr. CPA in effect for the year ended December 31, 2010, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of *pass*, *pass with deficiency(ies)* or *fail*. Lloyd B. Marshall, Jr. CPA has received a peer review rating of *pass*.

CERTIFIED PUBLIC ACCOUNTANT

4321 Gautier Vancleave Rd. Suite A

Gautier, Mississippi 39564

Mayor, Council, and City Manager

City of Gautier, Mississippi

I am pleased to confirm my understanding of the services I am to provide for the City of Gautier for the Fiscal Year ended September 30, 2012. I will audit the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information, which collectively comprise the basic financial statements of the City of Gautier as of and for the period ended September 30, 2012. Accounting standards generally accepted in the United States provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to accompany the City of Gautier's basic financial statements. As part of my engagement, I will apply certain limited procedures to the City of Gautier's RSI. These limited procedures will consist principally of inquiries of management regarding the methods of measurement and presentation, which management is responsible for affirming to us in its representation letter. Unless I encounter problems with the presentation of the RSI or with procedures relating to it, I will disclaim an opinion on it. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

- 1) Management's Discussion and Analysis.
- 2) Budgetary Comparison Information.

Supplementary information other than RSI also accompanies the City of Gautier's basic financial statements. I will subject the following supplementary information to the auditing procedures applied in our audit of the basic financial statements and will provide an opinion on it in relation to the basic financial statements:

The Schedule of Federal Awards.

Audit Objectives

The objective of my audit is the expression of opinions as to whether your basic financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. The objective also includes reporting on:

Internal control related to the financial statements and compliance with laws, regulations, and the provisions of contracts or grant agreements, noncompliance with which could have a material effect on the financial statements in accordance with Government Auditing Standards.

Internal control related to major programs and an opinion (or disclaimer of opinion) on compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and OMB Circular A-133, Audits of States, Local Governments, and Non-profit Organizations.

The reports on internal control and compliance will each include a statement that the report is intended solely for the information and use of management, the body or individuals charged with governance, others within the entity specific legislative or regulatory bodies, federal awarding agencies, and if applicable, pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

My audit will be conducted in accordance with auditing standards generally accepted in the United States of America, the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the Single Audit Act Amendments of 1996; and the provisions of OMB Circular A-133, and will include tests of accounting records, a determination of major program(s) in accordance with OMB Circular A-133, and other procedures I consider necessary to enable me to express such opinions and to render the required reports. If my opinions on the financial statements or the Single Audit compliance opinions are other than unqualified, I will fully discuss the reasons with you in advance. If, for any reason, I am unable to complete the audit or are unable to form or have not formed opinions, I may decline to express opinions or to issue a report as a result of this engagement.

Management Responsibilities

Management is responsible for the basic financial statements and all accompanying information as well as all representations contained therein. Management is also responsible for identifying government award programs and understanding and complying with the compliance requirements, and for preparation of the schedule of expenditures of federal awards in accordance with the requirements of OMB Circular A-133. As part of the audit, I will assist with preparation of your financial statements, schedule of expenditures of federal awards, and related notes. You are responsible for making all management decisions and performing all management functions relating to the financial statements, schedule of expenditures of federal awards, and related notes and for accepting full responsibility for such decisions. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements and the schedule of expenditures of federal awards and that you have reviewed and approved the financial statements, schedule of expenditures of federal awards, and related notes prior to their issuance and have accepted responsibility for them. Further, you are required to designate an individual with suitable skill, knowledge, or experience to oversee any nonaudit services I provide and for evaluating the adequacy and results of those services and accepting responsibility for them.

Management is responsible for establishing and maintaining effective internal controls, including internal controls over compliance, and for evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met and that there is reasonable assurance that government programs are administered in compliance with compliance requirements. You are also responsible for the selection and application of accounting principles; for the fair presentation in the financial statements of the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Gautier and the respective changes in financial position and, where applicable, cash flows in conformity with U.S. generally accepted accounting principles; and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

Management is also responsible for making all financial records and related information available to me and for ensuring that management and financial information is reliable and properly recorded. Your responsibilities also include identifying significant vendor relationships in which the vendor has responsibility for program compliance and for the accuracy and completeness of that information. Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to me in the representation letter that the effects of any uncorrected misstatements aggregated by me during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing me about all known or suspected fraud or illegal acts affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud or illegal acts could have a material effect on the financial statements. Your responsibilities include informing me of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the entity complies with applicable laws, regulations, contracts, agreements, and grants.

Additionally, as required by OMB Circular A-133, it is management's responsibility to follow up and take corrective action on reported audit findings and to prepare a summary schedule of prior audit findings and a corrective action plan. The summary schedule of prior audit findings is available for my review. You are responsible for the preparation of the supplementary information in conformity with U.S. generally accepted accounting principles. You agree to include my report on the supplementary information in any document that contains and indicates that we have reported on the supplementary information. You also agree to make the audited financial statements readily available to users of the supplementary information no later than the date the supplementary information is issued with my report thereon.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying for me previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to me corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or studies. You are also responsible for providing management's views on my current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

Audit Procedures--General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, my audit will involve judgment about the number of transactions to be examined and the areas to be tested. I will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because an audit is designed to provide reasonable, but not absolute assurance and because I will not perform a detailed examination of all transactions, there is a risk that material misstatements or noncompliance may exist and not be detected by me. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or major programs. However, I will inform you of any material errors and any fraudulent financial reporting or misappropriation of assets that come to my attention. I will also inform you of any violations of laws or governmental regulations that come to my attention, unless clearly inconsequential, and of any material abuse that comes to my attention. I will include such matters in the reports required for a Single Audit. My responsibility as an auditor is limited to the period covered by our audit and does not extend to any later periods for which I am not engaged as an auditor.

My procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. I will request written

representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of my audit, I will require certain written representations from you about the financial statements and related matters.

Audit Procedures--Internal Controls

My audit will include obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that I consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. My tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in my report on internal control issued pursuant to *Government Auditing Standards*.

As required by OMB Circular A-133, I will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that I consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, my tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in my report on internal control issued pursuant to OMB Circular A-133.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies. However, during the audit, I will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and OMB Circular A-133.

Audit Procedures--Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, I will perform tests of the City of Gautier's compliance with applicable laws and regulations and the provisions of contracts and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and I will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

OMB Circular A-133 requires that I also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with applicable laws and regulations and the provisions of contracts and grant agreements applicable to major programs. My procedures will consist of tests of transactions and other applicable procedures described in the OMB Circular A-133 Compliance Supplement and related addenda for the types of compliance requirements that could have a direct and material effect on each of the City of Gautier's major programs. The purpose of these procedures will be to express an opinion on the City of Gautier's compliance with requirements applicable to each of its major programs in my report on compliance issued pursuant to OMB Circular A-133.

Engagement Administration, Fees, and Other

I may from time to time, and depending on the circumstances, use third-party service providers in serving your account. I may share confidential information about you with these service providers, but remain committed to maintaining the confidentiality and security of your information. Accordingly, I maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, I will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and I will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event that I am unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your

I appreciate the opportunity to be of service to the City of Gautier and believe this letter accurately summarizes the significant terms of my engagement. If you have any questions, please let me know. If you agree with the terms of my engagement as described in this letter, please sign both originals and return one to me; retain one for your records.

Very truly yours,

Lloyd B. Marshall, JR., CPA

RESPONSE:

This letter correctly sets forth the understanding of the City of Gautier.

**CITY OF GAUTIER
MEMORANDUM**

To: Samantha Abell, City Manager
From: Cindy Steen, Purchasing Agent
Through: Cindy Russell Interim City Clerk
Date: October 30th, 2012
Subject: Command/Support Vehicle

REQUEST:

City Council authorization is requested for the City of Gautier to purchase one (1) Command/Support vehicle for the City of Gautier Fire Department per the advertisement that was opened on October 9th, 2012 in the amount of \$164,151.00.

BACKGROUND:

The City of Gautier received two (2) bids for the Command/Support vehicle. The Two (2) companies submitting the bids were Sunbelt Fire, Inc. and Rosenbauer Firefighting Technology. The Bids received were \$159,327.00 from Sunbelt Fire, Inc. and \$168,328.00 from Rosenbauer Firefighting Technology.

RECOMMENDATION:

Based on the bids received by the two companies and reviewing the submitted bids for compliance, the Purchasing Department recommends the contract for this vehicle be awarded to Sunbelt Fire, Inc. Four (4) optional equipment listed below will be added to the price of the bid for an additional \$4,824.00 for a total of \$164,151.00.

Three (3) 50' 12/3 orange 110 volt extension cords with household type connectors - \$195.00

FROM: Ray Frair
Fire Chief

SUBJECT: New Command/Support Apparatus

Mrs. Steen,

On Tuesday, October 9, 2012, at approximately 10:00 AM in the Gautier City Council Chambers, we received two (2) bids for the advertised Command/Support vehicle for the Gautier Fire Department. The two (2) companies submitting the bids were Sunbelt Fire, Inc. and Rosenbauer Firefighting Technology. The bids received were \$159,327.00 from Sunbelt Fire, Inc. and \$168,328.00 from Rosenbauer Firefighting Technology.

After reviewing the submitted bids for compliance with advertised specifications, the Gautier Fire Department recommends the contract for this vehicle be awarded to Sunbelt Fire, Inc. We have included four (4) of the optional equipment listed. They are the three (3) 50' 12/3, orange 110 volt extension cords with household type connectors - \$195.00, three (3) 500 watt quartz lights - \$984.00, one (1) set of Hurst Quick Struts in protective carrying case - \$1,695.00 and one FireCom 210 intercom system - \$1,950.00. This appears to bring the total cost of the vehicle to \$164,151.00.

In accordance with this year's budget, we will be making a down-payment of \$80,000.00 from the Insurance Rebate Fund and then financing the remaining \$84,151 with a loan with the annual payments coming from the Insurance Rebate Fund. The first annual payment should be in the 2013-2014 budget and the payment will be included in the budget.

If you have any questions, please feel free to contact this office at 228-497-1656.

Respectfully submitted,
