

**CITY OF GAUTIER
MEMORANDUM**

To: Samantha D. Abell, City Manager
From: Patty Huffman, Grants and Projects Manager
Thru: Chandra Nicholson, Planning and Economic Development Director
Date: August 13, 2013
Subject: City Council Selection of a Pre-Event Contractor for Disaster-Related Debris Removal

REQUEST:

City Council action is requested to approve a pre-event contractor for Disaster-Related Debris Removal.

DISCUSSION:

In an effort to be prepared for future disasters, City staff advertised a Request for Proposals from qualified contractors to perform Disaster-Related Debris Removal services in the event that such services are needed. State and Federal procurement laws were followed in soliciting these proposals. The deadline to submit proposals was August 12, 2013. A selection committee comprised of city staff convened on August 13th, and after due consideration recommends **TAG Grinding Services Inc. of Dadeville, Alabama** for Disaster-Related Debris Removal Services. The Debris Removal contractor recommendation was based on the required qualifications and the lowest price submitted for a range of services including general debris removal, leaning tree/ hanging limb vegetative debris removal, and a 70-hour push immediately after a storm. A summary of the total amounts proposed based on sample quantities is listed below.

<u>Debris Removal Contractors</u>	<u>Price</u>
1) TAG Grinding Services, Inc.	\$172,225.00
2) Asplundh Environmental Services	\$213,965.00
3) Crowder Gulf	\$220,835.00
4) WC Fore Trucking	\$226,600.00
5) DRC Emergency Services	\$258,235.00
6) TL Wallace	\$312,520.00
7) SCI, Inc.	\$468,430.00

For additional information on the above proposals, see the attached Bid Tabulation Sheets.

RECOMMENDATION:

City staff recommends approval of the above firm (TAG Grinding Services) as the most experienced, qualified and capable firm for this project at the lowest price. The City Council may:

1. Authorize selection of the recommended contractor for Debris Removal services; or
2. Authorize selection of a contractor other than the City staff recommendation.
