Applicant Presentation by Jason Diambra, owner.

Mr. Diambra stated he would like to continue to rent the mobile home or sale it.

Questions directed to Applicant.

Commissioner Green stated he understands that this trailer is nonconforming under the Unified Development Ordinance but he also sympathies with the owner and feels he should be given some lead way. But if this is not allowed by law then his hands are tied.

Commissioner Dailey asked Mr. Diambra if the house has been occupied since the last renter. Mr. Diambar replied no.

Commissioner Dailey asked Mr. Diambra has it been in excess of sixty (60) days. Mr. Diambra replied he was told it has been eighty-two (82) days.

Commissioner Walters asked Mr. Diambra has the dwelling been listed through the MLS or if a "For Sale" sign was posted in front of the property. Mr. Diambra replied yes.

Commissioner Green ask Mr. Danos what would happen if the owner put the trailer up for sale and had to wait five (5) months to sale, would he be unqualified to sale it and have to move the trailer and lose everything. Mr. Danos replied the Unified Development Ordinance states if a dwelling becomes vacant for any reason, for a period in excess of sixty (60) consecutive days. Any subsequent use shall conform to the regulations of this Ordinance for the district in which it is located.

Commissioner Green asked if the Commission votes to allow the nonconforming use to continue what would be the ramifications. Commissioner Wooten replied it would set a precedent for any future cases. Mr. Danos also replied that the Commission would be disregarding the plain language of the Unified Development Ordinance.

Mr. Diambar stated that he understands the law but he does not want to be left with a \$40,000.00 loss.

Commissioner Wooten asked if there were any further questions for the applicant.

Commission replied no.

Commissioner Wooten asked for the Staff Presentation:

Miss Greene stated that the Economic Development/Planning Department has received an Appeal to Staff Decision from Jason Diambra contesting the determination of a "cessation of use" pursuant to Section 13.3.1 for his nonconforming mobile home, and argues that the nonconforming statues should continue. The lot is located at 5598 Carrie Street, PID #85260024.000. The application fee of \$100 was paid on July 11, 2014. All public notice requirements have been met.

Joe Belles stated he documented the mobile home for sale by a commercial realty and contacted the realtor on or about May 1, 2014. He informed the realtor that the area was R-1 and because the property had been vacant for sixty (60) days, the mobile home must be moved and could not be re-occupied in the district. Mr. Belles verified that there was an active water account but no water was used in March and April and 200 gallons was on May 1st. After communications with the realtor, the property owner contacted me and stated that the maintenance man was cleaning the mobile home that day. Mr. Diambra filed an appeal on May 27, 2014 however; all application items were not received until July 11, 2014.

Miss Greene stated that staff recommendations based on the appropriateness of the request and the information provided, the Commission may:

- a) Reverse the Staff determination to not allow the conforming use to continue;
- b) Affirm the Staff determination that a cessation if use has occurred.

Ms. Greene requested the staff report be entered into record.

Commissioner Wooten asked if there were any questions for staff.

Commissioner Dailey asked Mrs. Nicholson and Mr. Danos if there were any provisions within the UDO that would allow a nonconforming structure, which has been vacant for more sixty (60) days to remain. Mrs. Nicholson and Mr. Danos replied not that they were aware of. Mr. Danos replied no.

Commissioner Dailey also asked if the only option available to allow for this condition would be a change in the UDO. Mrs. Nicholson replied yes.

Mr. Diambra asked if a variance could be allowed on case by case bases. Commissioner Dailey stated that the Commission is specifically limited in how a variance can be used and it may not be used for an expansion of use. Mr. Danos replied that is correct.

Commissioner Wooten called for final questions:

Mr. Diambra asked the Commission if his case would be presented to the City Council for final decision. Mrs. Nicholson replied yes August 19th at 6:30 PM.

Commissioner Wooten closed the public hearing and called for a vote.

Commissioner Walters made a motion to affirm the staff determination that a cessation of use has occurred. **Commissioner Dailey** seconded that motion and the following vote was recorded:

B. QUASI-JUDICIAL

REQUEST FOR AN APPEAL TO STAFF DETERMINATION OF SECTION 13.3, NONCONFORMING USE, REGARDING A RENTAL MOBILE HOME IN R-1 ZONING DISTRICT, 5608 CARRIE ST (ROBERT DALE MALONE, OWNER) (GPC CASE #14-15-AP

Commissioner Wooten opened public hearing.

EX Parte Disclosure:

Commissioner Green visited the site.

Applicant Presentation – Applicant not present.

Commissioner Wooten asked for Staff Presentation:

Miss Greene stated the Economic Development/Planning Department has received an Appeal of Staff Decision from Robert Malone Jr. The appellant contests the code enforcement officer's determination of a "cessation of use" pursuant to UDO Section 13.3.1, and argues that the property remains a legal nonconforming use. The lot is located at 5608 Carrie Street, PID #85260022.000. The application fee of \$100 was paid July 11, 2014. All public notice requirements have been met. The City attorney has reviewed the application as legally sufficient for consideration.

Mr. Belles stated he investigated code complaints on the property for the last three years. Multiple attempts at written correspondence were unanswered. A temporary disconnect of utilities was requested on February 2, 2013. On or about June 26th the owner's request for an inspection to re-establish utilities. Mr. Belles also stated he logged the abandoned mobile home during this time. Based on the cessation of use with no utilities and the dwelling unoccupied, the building inspector denied owner's request.

Miss Greene stated that staff recommendations based on the appropriateness of the request and the information provided, the Commission may:

- a) Reverse the Staff determination to not allow the conforming use to continue;
- b) Affirm the Staff determination that a cessation of use has occurred.

Commissioner Wooten asked if there were questions directed to Staff:

Commissioner Walters asked if the City require the applicant to provide a clear title if the owner is deceased. Mr. Danos replied not in the case of nonconforming use.

Commissioner Wooten asked Staff if all utilities are off can the mobile home stay there forever if the property is maintained. Mrs. Nicholson replied she would have to research the matter. Mr. Belles stated the former City Attorney Robert Ramsay advised him that as long as the owner maintains the property the structure can remain.

Commissioner Wooten asked Mr. Danos to research the matter. Mr. Danos replied according to the UDO the matter needs to be handled a different way and the UDO needs to be enforced.

Commissioner Wooten called for final questions and public comments:

Commissioner Dailey stated for the record that the Commission packet states that this matter is a R-1 and is a nonconforming use.

Commissioner Wooten closed the public hearing and called for a vote.

Commissioner Green made the motion to affirm the Staff determination that a cessation of use has occurred. **Commissioner Walters** seconded the motion and the following vote was recorded:

AYES: David Wooten

5598 Carrie St: Staff Appeal

VII. NEW BUSINESS

A. QUASI-JUDICIAL

1. REQUEST FOR AN APPEAL TO STAFF DETERMINATION OF SECTION 13.3, NONCONFORMING USE, REGARDING A RENTAL MOBILE HOME IN R-1 ZONING DISTRICT, 5598 CARRIE ST (JASON DIAMBRA, OWNER) (GPC CASE #14-14-AP)

**CITY OF GAUTIER
STAFF REPORT**

To: Chairman and Members, Planning Commission

From: Erica Greene, City Planner

Through: Chandra Nicholson, Planning & Economic Development Director

Date: July 25, 2014

Subject: Appeal to Staff Decision Regarding Allowing a Mobile Home to be used as rental property in the R-1 Low Density Single Family Residential zoning district (GPC Case No. 14-14-AP)

REQUEST:

The Economic Development/Planning Department has received an Appeal to Staff Decision from Jason Diambra contesting the determination of a “cessation of use” pursuant to Section 13.3.1 for his nonconforming mobile home, and argues that the nonconforming statues should continue. The lot is located at 5598 Carrie Street, PID #85260024.000. The application fee of \$100 was paid on July 11, 2014. All public notice requirements have been met.

BACKGROUND:

The request property is a rental dwelling located in the R-1 Low Density Single Family Residential zoning district which only allows for single-family detached dwelling units and related recreation facilities which complement the area.

The property owner purchased the property as a nonconforming use in 2009. The property is a late 1960’s model. The owner has maintained all utilities in his name.

DISCUSSION:

The enforcers of the city’s unified development ordinance are specifically charged with not encouraging the continuation of nonconforming uses. The code permits a nonconforming use to continue until such time as the dwelling **“becomes vacant for any reason, for a period in excess of sixty (60) consecutive days. Any subsequent use shall conform to the regulations of this Ordinance for the district in which it is located”** (Section 13, below).

The code enforcement officer documented the mobile home for sale by commercial realty and contacted the realtor on or about May 1, 2014. The officer informed the realtor that the area was R-1 and because the property had been vacant for 60 days, the mobile home must be moved and could not be re-occupied in the district. The code officer verified that there was an active water account. However, no water was used in March and April and 200 gallons were used on May 1st. The realtor confirmed this and stated to the code officer that the maintenance guy was cleaning the mobile home that day.

After communications with the realtor, the property owner contacted the code officer and was advised of the same. Mr. Diambra subsequently filed an appeal on May 27th. However, all application items were not received until July 11th. The code officer finds that utilities have not been in use and there has been a cessation of use as a dwelling for at least four months. It is this determination that is the subject of the appeal.

Dear Planning Commission Members,

My name is Jason Diambra and my wife and I are the owners of the property in question at 5598 Carrie Street. We bought the property back in 2009 as an investment in our neighborhood. We have lived in this same neighborhood since 2000 and in the Gautier area since 1999. After we purchased the property we spent four to five thousand to clean it up remodel it clean up the yard and bring everything up to code so it could be rented. We have always kept the place neat and clean even when vacant. The utilities have been kept in our name so they have always been paid and kept current. Basically the only reason that we are having to appeal this decision to you is that the neighbor that lived next door died and his place went into probate. The yard was subsequently overgrown and unkept and attracted the attention of the city. My wife and I have recently bought a piece of property around the corner from ours to build a new house and put the Carrie St. property up for sale to pay for it. The inspector who was in charge of doing the notices for the property next door saw our realtor's sign and gave us a call to let us know we had to have something done within sixty days, and the property had to be reinspected with each departure of any occupant. To be completely honest with you I thought when we spoke on the phone this was going to be an attempt to hit me up for money but to his credit he was straight up and was just letting me know the rules. This call took place on May 2nd and we came to the understanding that I have to have the place sold or rented by July 1st. A couple of weeks later I put in for the place to be inspected for occupancy and was told that even though my utilities were always paid and kept current there had been no constant use for over sixty days and they would not allow inspection. This was strange to me because there has been several times this property was vacant over sixty days because I just don't let anybody move in. I live in this neighborhood and raise my children here. There have been several times that we would rather lose two or three months rent rather than let some knuckleheads move in. Now whatever the rules are they are being enforced because the neighbors yard was unkept, if the property was not in probate and the grass was cut I wouldn't be here today.

Here lies the problem. Now after I was told I had sixty days which was already going to cost me eight or ten thousand of the asking price so I could get it sold in a hurry, now the city is trying to shut me out of the entire thirty-five or forty thousand dollar value of this property. To be honest with you we are within about fifteen to twenty thousand of breaking even on this property. But, it would be a hell of a note for the city to say thank you for investing in the neighborhood in which you live, spending money to keep everything clean and current for the last five years and keeping the trash out of the neighborhood so if we make you move this mobile home you can sell the property and maybe you can break even. Thanks. From what I understand from the city, if I wanted to, I can't even move in my own house. If I sold the one I live in and wanted to live there while we were building the new one I can not. If I wanted to let my oldest daughter who is going to start college in a year live there I can't, if I wanted to let my father live there where we could keep an eye on him since he is aging I can't. I want the commission members to understand I am not a wealthy man. My wife works days and I work nights so we can stay on top of our kids, and we have a business on the side that we work hard at to try and get ahead. If I had money just laying around the outcome of this appeal would not be that big of a deal, but I got a kid getting ready to start college and two about to get braces. I simply can't afford to get hit for thirty-five thousand because a neighbor died. Not in this wonderful economy. I know you see a lot of cases and appeals but please realize the seriousness of your decision. I know the city is trying to get

new houses built to bring up property values and tax revenues, but by costing me thirty-five thousand it would be counter active because this means the new house we were going to build would be at least three to five years out while trying to recover. I have worked too hard since the storm to be knocked back four or five years. If the city feels they have no choice but to enforce the current regulations across the board how about they cut me a check for thirty grand and turn the property into a neighborhood park for all the kids. This works for everyone. Anyway, thank you for your time and upcoming decision.

5608 Carrie St.: Staff Appeal

VII. NEW BUSINESS

A. QUASI-JUDICIAL

1. REQUEST FOR AN APPEAL TO STAFF DETERMINATION OF SECTION 13.3, NONCONFORMING USE, REGARDING A RENTAL MOBILE HOME IN R-1 ZONING DISTRICT, 5608 CARRIE ST (ROBERT DALE MALONE, OWNER) (GPC CASE #14-15-AP)

**CITY OF GAUTIER
STAFF REPORT**

To: Chairman and Members, Planning Commission

From: Erica Greene, City Planner

Through: Chandra Nicholson, Planning & Economic Development Director

Date: July 25, 2014

Subject: Appeal to Staff Decision Regarding Allowing a Mobile Home to remain and allow utilities to be restored in the R-1 Low Density Single Family Residential zoning district (GPC Case No. 14-15-AP)

REQUEST:

The Economic Development/Planning Department has received an Appeal to Staff Decision from Robert Malone Jr. The appellant contests the code enforcement officer's determination of a "cessation of use" pursuant to UDO Section 13.3.1, and argues that the property remains a legal nonconforming use.

The lot is located at 5608 Carrie Street, PID #85260022.000. The application fee of \$100 was paid on July 11, 2014. All public notice requirements have been met. The city attorney has reviewed the application as legally sufficient for consideration.

BACKGROUND:

The request property is located in the R-1 Low Density Single Family Residential zoning district which only allows for single-family detached dwelling units and related recreation facilities which complement the area.

The appellant/property owner states that the mobile home has existed prior to the R-1 zoning designation. The mobile home is a rental property previously occupied by the appellant's father, now deceased.

DISCUSSION:

The code enforcement officer has investigated code complaints on the property for the last three years. Multiple attempts at written correspondence were unanswered. A temporary disconnect of utilities was requested on Feb 2, 2013. On or about June 26th, the owner requested an inspection to re-establish utilities. The code enforcement officer had logged the abandoned mobile home during this time. Based on the cessation of use with no utilities and the dwelling unoccupied, the building inspector denied the owner's request.

General Features:

Location: Lot 30 & 31, Driftwood Park Subdivision (See Exhibit A)

Principal Arterial: Highway 90

Gross Lot Acreage: approximately 0.00 acres

Potable Water and Wastewater Services: Existing from City

Zoning and Land Use:

Current zoning of the applicant's property: R-1 Low Density Single Family Residential

Current Surrounding Zoning: R-1 Low Density Single Family Residential

Current Surrounding Existing Land Use: Very Low to Low Density Residential to the north, east and west (See Exhibit C)

Comprehensive Plan Future Land Use Designation: Single Unit Residential (See Exhibit D)

DETERMINATION OF APPLICABLE LAW:

SECTION 13.3: Nonconforming Use of Structures and Premises

A nonconforming use shall not be expanded, extended or enlarged in floor area, or changed to another nonconforming use. Structures housing a nonconforming use may be improved or extended to an extent which does not exceed fifty (50) percent of the market value as appraised by the Jackson County Tax Assessor's appraisal on record.

13.3.1 Termination of Nonconforming Use

A nonconforming building, structure, dwelling, or land use or portion thereof, existing at the time of adoption of these regulations which is or hereafter becomes vacant for any reason, for a

period in excess of sixty (60) consecutive days any subsequent use shall conform to the regulations of this Ordinance for the district in which it is located.

SECTION 3.7: Appeals

Persons aggrieved with decisions of administrative staff or decisions of the Planning Commission may appeal the decisions

3.7.1 Appeal of Administrative Decision

Appeals from written administrative decisions of the Economic Development Director in the administration and enforcement of the provisions of this Ordinance shall be heard by the City Planning Commission. A “Notice of Appeal” in the form of a letter with necessary documentation shall be filed within ten (10) days from the date of the decision with the Economic Development Director outlining the circumstances and the ground of the appeal. The Economic Development Director shall place the Notice of Appeal on the agenda of the Planning Commission meeting. Appropriate fees shall apply.

Upon hearing such appeal the Planning Commission may, in conformance with the provisions of these regulations, reverse or affirm, or may modify, wholly or partially, any order, requirement, decision, or determination of the Economic Development Director and/or his staff.

RECOMMENDATION:

The planning commission shall utilize Section 13.3 in their determination of the appropriateness of the appeal.

Based on the appropriateness of the request and the information provided, the Commission may:

- a) Reverse the Staff determination to not allow the conforming use to continue;
- b) Affirm the Staff determination that a cessation if use has occurred.

To
Gautier Panning Commission, Gautier City Council, the Economic Development/Planning
Director

Dear Sir/Madam,

I am writing this letter to request the permission for electricity to be resumed at the property at 5608 Carrie Street, Gautier MS. This property has been in my family for many years now and used for the purpose of fishing, gaming, and just a home away from home. This is not a rental property. My father Robert Dale Malone Sr was very sick during the year 2013. We had many hospital stays which caused a hardship on our family during this time, which unfortunately caused a lapse in the electricity or water being used. He passed away on September 29, 2013. This property is located within 250ft south of Martin Bluff Road. I am willing to make any improvements or adjustments that the planning commission requires. Please help us keep our second home.

Thank you,
Robert Dale Malone Jr.
