NEW BUSINESS

A. QUASI-JUDICIAL

1. 405 ITALIAN ISLE – REQUEST FOR A FIVE FOOT (5') VARIANCE TO SIDE YARD SET-BACK REQUIREMENTS FOR A SINGLE-FAMILY RESIDENTIAL STRUCTURE IN A R-1 LOW DENSITY SINGLE FAMILY RESIDENTIAL ZONING DISTRICT (GPC Case #16-01-VAR)

Chairman Dailey announced the matter.

City Attorney Danos swore in Chandra Nicholson, Economic Development & Planning Director; Brandon Bosarge, owner and Lance Kempner, Bowden Architecture and Project Manager.

EX Parte Disclosure:

Chairman Dailey visited the site.

Vice-Chairperson Walters visited the site.

Commissioner Green visited the site and former resident of the neighborhood.

Commissioner Jamison no comment.

Commissioner Fletcher visited the site and personal acquaintance of the owner.

Commissioner York no comment.

Commissioner Torjusen is a resident of the neighborhood and is familiar with the property.

APPLICANT PRESENTATION:

Mr. Kempner stated Mr. Bosarge is requesting permission for a variance for the construction of a new garage at 405 Italian Isle Lane in Gautier. The construction of the new garage will place it approximately five feet (5') into the set-back area on the property and approximately five feet (5') from the adjoining property line and preserve the live oaks.

Vice-Chairperson Walters asked if they have to have this variance in order to not remove the protected trees.

Mr. Kempner stated they can't really put the garage on the site and get a really good turning radius in and out of the garage adequately with both cars without having some issues with the trees.

Vice-Chairperson Walters asked if they need the extra five feet (5') to protect the trees.

Mr. Kempner replied yes.

Mr. Bosarge stated that the owner of the adjoining property has agreed to the variance.

Vice-Chairperson Walters asked if they were also adding a gym.

Mr. Bosarge replied yes.

Chairperson Walters stated she wanted to make sure the extra footage was necessary.

Commissioner York asked what ramifications would the City face if the new owners of the adjoining property objected to this new structure.

Mr. Danos stated he didn't foresee any issues.

Chairman Dailey asked Mrs. Nicholson are there any special requirements for protecting these trees as paving occurs.

Mrs. Nicholson stated our ordinance does not allow pavers at this time.

Chairman Dailey asked Mr. Danos if it is appropriate to tie conditions to an approval of a variance to further protect the trees.

Mr. Danos stated he only finds conditions for a Conditional Use not Variances.

Chairman Dailey asked Mr. Bosarge if he would be agreeable to follow an arborist design to provide water and air circulation to the root system as he develops his driveway.

Mr. Bosarge replied yes.

No further questions for applicant.

Staff Presentation:

Mrs. Nicholson stated the Economic Development and Planning Department has received a request from Brandon Bosarge for a five foot (5') Variance to side yard set-back requirements for a single-family residential structure in a R-1 Low Density Single Family Residential Zoning at 405 Italian Isle, PID #81909340.000/81909350.000. The application fee of \$175 was paid on December 22, 2015. All public notice requirements have been met.

Staff has no objection to the Variance requested, but the Planning Commission must record a Finding of Fact regarding the "criteria for Approval" from the UDO as listed above:

The Planning Commission may:

1. Recommend that City Council approve the Side Set-back Variance request as presented;
2. Recommend that City Council approve the Side Set-back Variance request with changes;
- or
3. Recommend that City Council deny the Side Set-back Variance request.

Chairman Dailey asked were there any objections to Staff's report. There were no objections.

Vice-Chairperson Walters asked if adding an extra two feet (2') would set a precedence in the future for this type of variance.

Mr. Danos replied no. This variance is unique to the particular piece of property.

Chairman Dailey called for any further questions. There were no further questions.

Chairman Dailey closed the public hearing portion and called for a motion.

Vice-Chairperson Walters made the motion to approve the variance based on the following findings of fact:

- The natural placement of protected trees on the applicant's property prevents the applicant from building the same type of structure that others in the same zone can build
- The natural placement of the trees is not a result of the actions of the applicant.
- The variance will not confer any special privilege on the applicant that is denied to similar sites.
- The applicant agrees to protect tree roots if it becomes an issue going forward.

Commissioner Green seconded the motion and the following vote was recorded:

AYES: **Larry Dailey**
 Sandra Walters
 Jimmy Green
 K.C. Jamison
 J.J. Fletcher
 Anthony York
 Phil Torjusen

NAYS: **None**

Motion passed.

2. 5401 CARTER ROAD – REQUEST FOR A CONDITIONAL USE-MAJOR PERMIT FOR THE PLACEMENT OF A MOBILE HOME IN AN AG, AGRICULTURAL ZONING DISTRICT (GPC CASE #16-02-CU)

Chairman Dailey announced the matter.

Mr. Danos swore in Mrs. Nicholson and Joshua D. Priddy as witnesses.

EX PARTE DISCLOSURE:

Chairman Larry Dailey – visited the site.
Chairperson Walters – visited the site.
Commissioner Green – no comment
Commissioner Jamison – no comment.
Commissioner Fletcher – no comment.
Commissioner York – no comment.
Commissioner Torjusen – visited the site.

APPLICANT PRESENTATION

Mr. Priddy stated he is requesting a Conditional Use Major permit for 5401 Carter Road to put a new double wide mobile home, which is 80' x 29', on the front part of the property. The property is residential/agricultural and there are currently five (5) mobile homes surrounding the property. The property was also condemned by the City of Gautier.

Chairman Dailey asked if there were any questions for the applicant.

Commissioner Fletcher asked what was condemned on the property.

Mr. Priddy replied there was a mobile home, old tires, abandoned vehicles, old school bus etc.

Chairman Dailey called for Staff Presentation.

Mrs. Nicholson stated the Economic Development and Planning Department has received a request from Joshua D. Priddy & Virginia Priddy for a Conditional Use-Major Permit that would allow placement of a mobile home in an AG, Agricultural Zoning District at 5401 Carter Road, and PID #85298072.000. The application fee of \$250 was paid on December 17, 2015. All public notice requirements have been met.

Mrs. Nicholson stated that Staff does not recommend any conditions but that does not exclude the Planning Commission from placing conditions if they see fit.

Staff finds that the proposed use will be compatible and harmonious with the Agricultural District and recommends approval with no specific proposed conditions.

The Planning Commission may:

1. Recommend that City Council approve the Conditional Use-Major with the Conditions listed;
2. Recommend that City Council approve the Conditional Use-Major with changes; or
3. Recommend that City Council deny the Conditional Use-Major.

Mrs. Nicholson stated she would answer any questions.

Chairman Dailey asked were all city utilities are available at the property.

Mrs. Nicholson replied yes.

Chairman Dailey asked if there were any fire access limitations being on a dead end street.

Mrs. Nicholson replied she does not believe so.

Chairman Dailey made the statement that the UDO and Comprehensive Plan discourage mobile homes and encourage conventional buildings but they do allow for conditional use in an agricultural zone and that is what we are considering. Gautier is looking to not promote mobile homes in the city. Agricultural is an area inside our city limits where we really don't need an agricultural zone and at some point it will probably go away for another better and more perfect zone. I would hope that area changes over time.

Mr. Priddy asked does that mean at some point he would have to move.

Chairman Dailey replied no. It would not affect him.

Mr. Priddy stated that when Gautier cleaned off the property his culvert was destroyed and he does not have access to the driveway. The ditches need to be cleaned out and the street needs to be paved.

Mrs. Nicholson stated he could call ClearWater and they would initiate a work order.

Chairman Dailey closed the public hearing portion and called for a motion.

Commissioner York made the motion to approve the Conditional Use-Major request with no special conditions. **Commissioner Jamison** seconded the motion and the following vote was recorded:

**CITY OF GAUTIER
STAFF REPORT**

To: Chairman and Members, Planning Commission

From: Chandra Nicholson, Director of Economic Development & Planning

Date: January 29, 2016

Subject: 405 Italian Isle – Request for a five foot (5’) Variance to Side Yard Set-Back Requirements (GPC Case No. 16-01-VAR)

REQUEST:

The Economic Development and Planning Department has received a request from Brandon Bosarge for a five foot (5’) Variance to side yard set-back requirements for a single-family residential structure in a R-1 Low Density Single Family Residential Zoning District at 405 Italian Isle, PID #81909340.000/81909350.000. The application fee of \$175 was paid on December 22, 2015. All public notice requirements have been met.

BACKGROUND:

The request property is zoned R-1 Low Density Single Family Residential Zoning District. The property contains an existing single-family dwelling and the owner would like to construct an addition to the dwelling unit.

DISCUSSION:

The property owner would like to maintain site line views while preserving historic live oaks on the property. A variance request has been submitted to reduce the east side set-back requirement from ten feet (10’) to five foot (5’). A reduction request of five (5’) or one half of the required set-back distance.

The proposed density will remain within the minimum requirements of the district.

DETERMINATION OF APPLICABLE LAW:

The Unified Development Ordinance (UDO) defines **Variances** as:

A Variance is a relaxation of the terms of the Unified Development Ordinance where such Variance will not be contrary to the public interest and where, owing to conditions peculiar to the property, a literal enforcement of the Ordinance would result in an unnecessary or undue hardship. As used in this Ordinance, a Variance is authorized only

for height, area and size of structure, or size of yards, separation of uses, open spaces, off-street parking spaces and some subdivision of property. The establishment or expansion of a use not permitted shall not be allowed by Variance.

The UDO defines **Hardship** as:

Hardship means the exceptional hardship that would result from a failure to grant the requested variance. The City requires that the variance is exceptional, unusual, and peculiar to the property involved. Mere economic or financial hardship alone is not exceptional. Inconvenience, aesthetic considerations, physical handicaps, personal preferences, or the disapproval of one's neighbors likewise cannot, as a rule, qualify as an exceptional hardship. All of these problems can be resolved through other means without granting a variance, even if the alternative is more expensive, or requires the property owner to build elsewhere or put the parcel to a different use than originally intended.

UDO SECTION 4.18: Variance

In certain circumstances, a Variance from the dimensional requirements (i.e. height, setbacks, square footage) of this ordinance may be granted if the applicant can prove that because of physical constraints of the property involved, he is not able to build the same type of structure that other persons with the same zoning classification can build. Variances for uses permitted will not be considered in as much as “use Variances” are not legal in the State of Mississippi.

Most Variances must be granted by the City Council; however, certain minor Variances may be granted by the Economic Development Director in accordance with *Section 4.18.3* below.

4.18.1 Who May Initiate

A request for a Variance may be initiated by the property owner or agent of the owner provided that said property has not been denied a previous request for a Variance for the same property or portion of property within the past twelve (12) months.

4.18.2 Application for Variance

Applications for a Variance (from dimensional requirements) may be filed on the appropriate application available from the Economic Development/Planning Department and shall include all requested information, attachments and submittals:

4.18.3 Administrative Variances

The following dimensional variances may be granted by the Economic Development Director at his/her discretion (Note: Within the COR, Corridor Overlay District, applicants shall be required to mitigate a requested dimensional variance in accordance with the Tier Land Use Provisions in Section 5.11):

- A. 30% of required off-street parking spaces and/or
- B. 30% of required setbacks from property lines

4.18.4 Criteria for Approval

The Variance application shall demonstrate the following:

- A. That special conditions and circumstances exist which are peculiar to this particular site (lot or parcel), structure or building involved and which are not applicable to other sites (lots or parcels) or structures or buildings in the same district;
- B. That literal interpretation of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the provisions of this Ordinance;
- C. That the special conditions and circumstances do not result from actions of the applicant; and
- D. That granting the Variance requested will not confer upon the applicant any special privilege that is denied by this Ordinance to other similar sites (lots or parcels) structures or buildings in the same district.

RECOMMENDATION & CONCLUSION:

The Staff has no objection to the Variance requested, but the Planning Commission must record a Finding of Fact regarding the “Criteria for Approval” from the UDO as listed above.

The Planning Commission may:

- 1. Recommend that City Council approve the Side Set-back Variance request as presented;
- 2. Recommend that City Council approve the Side Set-back Variance request with changes;
or
- 3. Recommend that City Council deny the Side Set-back Variance request.

RE: 405 Wind Drift Lane Gautier, MS 39553

To Whom It May Concern:

The property owner wishes to construct a garage on his newly acquired property. It is a wonderful site with many large live oaks. He has had an arborist attend to the trees' health. In order to have adequate turn out space and best preserve the magnificent heritage trees, we have proposed a split garage scheme to work around the trees. We would also need to encroach upon the set back reducing it from 10' to 5'. The adjacent property is already developed and would not be adversely affected by the shorter distance. Please accept this request for a variance of the side yard setback.

Thank you for your consideration. If you have any questions or concerns please contact me at 251-433-0704.

Lance Kempner

2. General features of the proposed project:
Total Building Area: 1904 square feet
Site Size: 4.77 Acres

DISCUSSION:

The following addresses the review criteria for a Major Conditional Use outlined in Section 4.17.5 of the UDO.

1. Is the proposed use listed in the list of possible Conditional Uses in the particular Zoning District?

Applicant: Yes, it is a possible Conditional Use in the particular Zoning district in the city of Gautier.

Staff Finding: Yes, Mobile/Manufactured Home is listed as a Conditional Use-Major in an AG zoning district.

2. Describe how the project is compatible with the character of development in the vicinity relative to (a) density, bulk and intensity of structures, (b) parking, and (c) other uses. Please attach parking plan, site plan, architectural rendering or other plans.

Applicant Response: Home site is in residential area at the end of a dead end road. It has a driveway with water and sewer hookups currently.

Staff Finding: The proposed use is residential which will be compatible with the properties in the vicinity.

3. Will your project negatively affect neighboring property values or pose a real or perceived threat to citizens? Explain.

Applicant Response: No, there is currently 5 mobile homes in this neighborhood. I have five acres at the end of Carter Road with no neighbors within 100 yards.

Staff Finding: There is no evidence to indicate the proposed use will negatively affect the property values, or cause a detriment to the surrounding properties. There are currently several mobile homes adjacent/near the proposed location.

Staff Finding: The proposed use can be accommodated by existing public services and facilities.

6. Is the proposed use in harmony with the Comprehensive Plan? Explain how.

Applicant: No, the surrounding property has existing mobile homes so it will fit the harmony.

Staff Response: No, the Comprehensive plan proposes single-family homes in this area, but the lot size would adequately support a single-family dwelling at a future date.

7. Does the proposed use pose a hazardous, detrimental, or disturbing affect, either real or perceived, to present surrounding land uses due to noises, glare, smoke, dust, odor, fumes, water pollution, vibration, electrical interference, or other nuisances? Explain.

Applicant Response: No, this property will be used as our place of residency.

Staff Finding: There is no evidence that the proposed use poses a hazardous, detrimental or disturbing affect to present surrounding uses. .

8. Does the use conform to all district regulations for the applicable district in which it is located, or have other provisions been provided for? Explain.

Applicant Response: Yes, it does conform with the conditional use, which makes it applicable to have a mobile home in the City of Gautier.

Staff Finding: The proposed use will conform to district regulations.

DETERMINATION OF APPLICABLE LAW:

1. The UDO defines conditional uses as specific uses which are enumerated in each zoning district and which because of their nature are not allowed by right but may be allowed after the required review process. The City may specify certain conditions as necessary to make the use compatible with other uses in the same district. Conditional uses are issued for uses of land and uses designated “Conditional Uses-Major” are transferable from one (1) owner of land to another.

The UDO further defines Conditional Uses-Major as uses that are not allowed by right but require a recommendation by the Planning Commission and the approval of the City Council. Additionally, if the conditional use is transferred to a new owner, the new owner must submit a letter to the Economic Development Director agreeing to the current terms and conditions.....

2. Conditional Uses-Major requires a public hearing before the Planning Commission and approval by the City Council (Section 4.14 of the UDO).

RECOMMENDATION & CONCLUSION:

Staff finds that the proposed use will be compatible and harmonious with the Agricultural District and recommends approval with no specific proposed conditions.

The Planning Commission may:

1. Recommend that City Council approve the Conditional Use-Major with the Conditions listed;
2. Recommend that City Council approve the Conditional Use-Major with changes; or
3. Recommend that City Council deny the Conditional Use-Major.
