

**CITY OF GAUTIER
MEMORANDUM**

To: Paula Yancey, Interim City Manager

From: Chandra Nicholson, Economic Development & Planning Director

Date: June 9, 2016

Subject: Conditional Use-Major Permit for New Covenant of Grace Church at 1412 Highway 90 (GPC Case No. 16-10-CU)

REQUEST:

The Economic Development and Planning Department has received a request from Lester Hughes, II, owner of Faith Worship & Outreach, Inc., for a Conditional Use-Major Permit that would allow a Church or Place of Worship in a C-3 Highway Commercial zoning district at 1111 Highway 90, PID #81831520.000. The application fee of \$250 was paid on April 20, 2015. All public notice requirements have been met.

DISCUSSION:

Staff has attached a Staff Report with detailed project analysis. The Planning Commission held a public hearing on June 2, 2016 to consider the request and found that the proposed church will be compatible and harmonious with the C-3 district with certain conditions. The GPC recommends the approval of the Conditional Use-Major Permit with the following Conditions:

1. The church services/events/meetings shall be limited to 50 occupants at one time.
2. The building façade shall be repaired, painted, and maintained to meet the minimum Property Maintenance and Care section of the Unified Development Ordinance.
3. The property shall be maintained to meet the minimum Property Maintenance and Care section of the Unified Development Ordinance.
4. A parking lot shall be installed that accommodates seventeen (17) parking spaces, one of which is ADA accessible or obtain a formal agreement from an adjacent property owner for use of their parking lot that contains at least 17 parking spaces. If a new parking lot is constructed, the parking lot layout and construction shall meet the requirements as set forth in Article VII of the Unified Development Ordinance.
5. Existing business signage which does not comply with the Unified Development Ordinance shall be removed.

6. Within 60 months of issuance of the Major Conditional Use Permit, the owner or applicant shall install one tree every 30' along the south, east, and west property lines up to the front face of the building. Trees to be a minimum of 6' in height at the time of planting or within 60 months (whichever is later).
7. Noise levels shall meet the City's noise ordinance. (See Exhibit E.)
8. The location shall meet all accessibility requirements for change of occupancy as stated in Section 3409 of the International Building Code. (See Exhibit F.)

RECOMMENDATION:

The Gautier Planning Commission and Staff recommend approval of the proposed Conditional Use-Major Permit with the conditions listed above.

The City Council may:

1. Approve the Conditional Use-Major Permit with the Conditions listed above; or
2. Approve the Conditional Use-Major Permit with changes; or
3. Deny the Conditional Use-Major Permit.

CITY OF GAUTIER STAFF REPORT

To: Chairman and Members, Planning Commission

From: Chandra Nicholson, Director of Economic Development & Planning

Date: May 25, 2016

Subject: Conditional Use-Major Permit for New Covenant of Grace Church at 1412 Highway 90 (GPC Case No. 16-10-CU)

REQUEST:

The Economic Development and Planning Department has received a request from W. Calvin Hyde representative of New Covenant of Grace Church, for a Conditional Use-Major Permit that would allow a Church or Place of Worship in a C-3 Highway Commercial Zoning District at 11412 Highway 90, PID #82436365.000. The application fee of \$250 was paid on April 14, 2016. All public notice requirements have been met.

BACKGROUND:

The request property is zoned C-3 Highway Commercial.

1. Location: 1412 Highway 90 (See Exhibit A)
Principal Arterial: Highway 90
2. General features of the proposed project:
Total Building Area: 1500 square feet
Site Size: 1.32 Acres
Year Building Constructed: 1981
3. Potable Water and Wastewater Services: Existing from City
4. The building is existing and was previously used as a church. The last known use of the property was a church. The building was built prior to 2010 when the UDO became effective. The building has been vacant for more than sixty (60) days, so the “grand-fathered” status has expired.
5. Current Zoning (See Exhibit B): C-3 Highway Commercial
6. Current Surrounding Zoning (See Exhibit B): C-3 Highway Commercial/R-3 Mobile Home/C-2 Community Commercial to the South; C-3 Highway

Commercial to the West and North; and C-3 Highway Commercial/R-1 Low Density Residential to the East.

7. Current Surrounding Existing Land Use (See Exhibit C): Commercial-Retail to the North; Commercial Retail/Vacant to the East; Commercial Retail/ Office/ Mobile Home Park to the South; and Office/Vacant to the West.
8. Comprehensive Plan Future Land Use Designation (See Exhibit D): High Impact Commercial

DISCUSSION:

The following addresses the review criteria for a Major Conditional Use outlined in Section 4.17.5 of the UDO.

1. Is the proposed use listed in the list of possible Conditional Uses in the particular Zoning District?

Applicant: Yes. It has been used for a church in the past.

Staff Finding: Yes. A Church or Place of Worship is listed as a Conditional Use-Major in a C-3 zoning district.

2. Describe how the project is compatible with the character of development in the vicinity relative to (a) density, bulk and intensity of structures, (b) parking, and (c) other uses. Please attach parking plan, site plan, architectural rendering or other plans.

Applicant Response: Yes. The building has been used as a church building in the past. The only relating compatibility with the two adjoining properties is there is no high volume of traffic consistently. The current building design coincides with the other properties since it once housed a printing business. The church in and of itself will not have an adverse effect on the environment.

Staff Finding: The proposed use will be located in an existing building and will not further impact the density, bulk and intensity of the structures in the vicinity. Table No. 9 of the UDO establishes minimum parking spaces required for churches as 1 for each 45 sf of GFA of the sanctuary, auditorium, or main place of worship (or 1 per 3 seats). Based on the proposed number of 50 seats the proposed use will need 17 parking spaces, with 1 of those being an ADA accessible space.

3. Will your project negatively affect neighboring property values or pose a real or perceived threat to citizens? Explain.

Applicant Response: No. It has been used for a church in the past.

Staff Finding: There is no evidence to indicate the proposed use will negatively affect the property values, or cause a detriment to the surrounding properties. There is one establishment close to the proposed church location which sells alcohol, but is approximately 300' away, which is greater than the 100' minimum distance required in commercial districts.

4. Will your project adversely affect vehicular or pedestrian traffic in the vicinity? Explain.

Applicant Response: No. Building is located on a service road.

Staff Finding: There is no evidence that the proposed church will have any adverse affect on vehicular or pedestrian traffic.

5. Can the proposed use be accommodated by existing or proposed public services and facilities including, but not limited to, water, sanitary sewer, streets, drainage, police and fire protection, and schools?

Applicant Response: Yes.

Staff Finding: The proposed use can be accommodated by existing public services and facilities.

6. Is the proposed use in harmony with the Comprehensive Plan? Explain how.

Applicant: Yes. It has been used as a church before. The proposed use is as stated in the Conditional Use Narrative. There is no Comprehensive Plan for expansion of building by New Covenant of Grace Church.

Staff Response: The Comprehensive Plan states that churches may be permitted as a conditional use in a highway commercial district with conditions imposed to ensure that the use is compatible with its surroundings.

7. Does the proposed use pose a hazardous, detrimental, or disturbing affect, either real or perceived, to present surrounding land uses due to noises, glare, smoke, dust, odor, fumes, water pollution, vibration, electrical interference, or other nuisances? Explain.

Applicant Response: No. It will be a gathering of people to worship.

Staff Finding: There is no evidence that the proposed use poses a hazardous, detrimental or disturbing affect to present surrounding uses.

8. Does the use conform to all district regulations for the applicable district in which it is located, or have other provisions been provided for? Explain.

Applicant Response: The use has been conformed to all district regulations in the past. To the best of my knowledge, no! This is the reason for filing the CONDITIONAL USE APPLICATION. Because a church has to have special approval to meet at site location.

Staff Finding: The proposed use can be made to conform to district regulations with certain conditions.

DETERMINATION OF APPLICABLE LAW:

1. The UDO defines conditional uses as specific uses which are enumerated in each zoning district and which because of their nature are not allowed by right but may be allowed after the required review process. The City may specify certain conditions as necessary to make the use compatible with other uses in the same district. Conditional uses are issued for uses of land and uses designated “Conditional Uses-Major” are transferable from one (1) owner of land to another.

The UDO further defines Conditional Uses-Major as uses that are not allowed by right but require a recommendation by the Planning Commission and the approval of the City Council. Additionally, if the conditional use is transferred to a new owner, the new owner must submit a letter to the Economic Development Director agreeing to the current terms and conditions before a business license may be issued.

2. Conditional Uses-Major requires a public hearing before the Planning Commission and approval by the City Council (Section 4.14 of the UDO).

RECOMMENDATION:

Staff finds that the proposed use may be compatible and harmonious with the Neighborhood Commercial District and recommends approval with the following conditions:

1. The church services/events/meetings shall be limited to 50 occupants at one time.
2. The building façade shall be repaired, painted, and maintained to meet the minimum Property Maintenance and Care section of the Unified Development Ordinance.
3. The property shall be maintained to meet the minimum Property Maintenance and Care section of the Unified Development Ordinance.

4. A parking lot shall be installed that accommodates seventeen (17) parking spaces, one of which is ADA accessible. The parking lot layout and construction shall meet the requirements as set forth in Article VII of the Unified Development Ordinance.
5. Existing business signage which does not comply with the Unified Development Ordinance shall be removed.
6. Within 60 months of issuance of the Major Conditional Use Permit, the owner or applicant shall install one tree every 30' along the south, east, and west property lines up to the front face of the building. Trees to be a minimum of 6' in height at the time of planting or within 60 months (whichever is later).
7. Noise levels shall meet the City's noise ordinance. (See Exhibit E.)
8. The location shall meet all accessibility requirements for change of occupancy as stated in Section 3409 of the International Building Code. (See Exhibit F.)

CONCLUSION:

The Planning Commission may:

1. Recommend that City Council approve the Conditional Use-Major with the Conditions listed; or
2. Recommend that City Council approve the Conditional Use-Major with changes; or
3. Recommend that City Council deny the Conditional Use-Major.

Sec. 15-5. - Loud music and sounds.

(a)

The operation and use of sound or loudspeaking machines or any equipment for magnifying, amplifying or projecting music, sound or noise on the streets of the city is hereby prohibited.

(b)

It shall be unlawful for any person to use or allow to be used from their place of business, residence or any other location, equipment for magnifying or amplifying and/or enlarging music, sound or noise in an unreasonably loud and large volume, disturbing the public generally and/or citizens and residents in close proximity to such place or places.

(c)

Religious, political, civic or public gatherings, speakings and meetings are specifically excluded from the effect of this section; provided, however, that such meeting or gathering be first approved by the chief of police and a formal written permit be issued by the planning director. Provided further, that any such permit so issued may, by the chief of police or planning director, be recalled and/or revoked at will if in the opinion of the chief of police or planning director the use of such equipment is objectionable or should for any reason not be allowed.

(Ord. No. 97, §§ 1—3, 12-3-96)

40 inches (1016 mm) wide by 36 inches (914 mm) long, located not more than 8 inches (203 mm) below the door.

3404.5 **Opening protectives.** Doors and windows along the fire escape shall be protected with $\frac{3}{4}$ -hour opening protectives.

SECTION 3405 GLASS REPLACEMENT

3405.1 **Conformance.** The installation or replacement of glass shall be as required for new installations.

SECTION 3406 CHANGE OF OCCUPANCY

3406.1 **Conformance.** No change shall be made in the use or occupancy of any building that would place the building in a different division of the same group of occupancy or in a different group of occupancies, unless such building is made to comply with the requirements of this code for such division or group of occupancy. Subject to the approval of the building official, the use or occupancy of existing buildings shall be permitted to be changed and the building is allowed to be occupied for purposes in other groups without conforming to all the requirements of this code for those groups, provided the new or proposed use is less hazardous, based on life and fire risk, than the existing use.

3406.2 **Certificate of occupancy.** A certificate of occupancy shall be issued where it has been determined that the requirements for the new occupancy classification have been met.

3406.3 **Stairways.** Existing stairways in an existing structure shall not be required to comply with the requirements of a new stairway as outlined in Section 1009 where the existing space and construction will not allow a reduction in pitch or slope.

3406.4 **Change of occupancy.** When a change of occupancy results in a structure being reclassified to a higher occupancy category, the structure shall conform to the seismic requirements for a new structure.

Exceptions:

1. Specific seismic detailing requirements of this code or ASCE 7 for a new structure shall not be required to be met where it can be shown that the level of performance and seismic safety is equivalent to that of a new structure. Such analysis shall consider the regularity, overstrength, redundancy and ductility of the structure within the context of the existing and retrofit (if any) detailing provided.
2. When a change of use results in a structure being reclassified from Occupancy Category I or II to Occupancy Category III and the structure is located in a seismic map area where $S_{DS} < 0.33$, compliance with the seismic requirements of this code and ASCE 7 are not required.

SECTION 3407 HISTORIC BUILDINGS

3407.1 **Historic buildings.** The provisions of this code relating to the construction, repair, alteration, addition, restoration and movement of structures, and change of occupancy shall not be mandatory for historic buildings where such buildings are judged by the building official to not constitute a distinct life safety hazard.

3407.2 **Flood hazard areas.** Within flood hazard areas established in accordance with Section 1612.3, where the work proposed constitutes substantial improvement as defined in Section 1612.2, the building shall be brought into conformance with Section 1612.

Exception: Historic buildings that are:

1. Listed or preliminarily determined to be eligible for listing in the National Register of Historic Places; or
2. Determined by the Secretary of the U.S. Department of Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined to qualify as an historic district; or
3. Designated as historic under a state or local historic preservation program that is approved by the Department of Interior.

SECTION 3408 MOVED STRUCTURES

3408.1 **Conformance.** Structures moved into or within the jurisdiction shall comply with the provisions of this code for new structures.

SECTION 3409 ACCESSIBILITY FOR EXISTING BUILDINGS

3409.1 **Scope.** The provisions of Sections 3409.1 through 3409.9 apply to maintenance, change of occupancy, additions and alterations to existing buildings, including those identified as historic buildings.

Exception: Type B dwelling or sleeping units required by Section 1107 are not required to be provided in existing buildings and facilities.

3409.2 **Maintenance of facilities.** A building, facility or element that is constructed or altered to be accessible shall be maintained accessible during occupancy.

3409.3 **Extent of application.** An alteration of an existing element, space or area of a building or facility shall not impose a requirement for greater accessibility than that which would be required for new construction.

Alterations shall not reduce or have the effect of reducing accessibility of a building, portion of a building or facility.

3409.4 **Change of occupancy.** Existing buildings, or portions thereof, that undergo a change of group or occupancy shall have all of the following accessible features:

1. At least one accessible building entrance.

2. At least one accessible route from an accessible building entrance to primary function areas.
3. Signage complying with Section 1110.
4. Accessible parking, where parking is being provided.
5. At least one accessible passenger loading zone, when loading zones are provided.
6. At least one accessible route connecting accessible parking and accessible passenger loading zones to an accessible entrance.

Where it is technically infeasible to comply with the new construction standards for any of these requirements for a change of group or occupancy, the above items shall conform to the requirements to the maximum extent technically feasible. Change of group or occupancy that incorporates any alterations or additions shall comply with this section and Sections 3409.5, 3409.6, 3409.7 and 3409.8.

3409.5 Additions. Provisions for new construction shall apply to additions. An addition that affects the accessibility to, or contains an area of, a primary function shall comply with the requirements in Section 3409.7.

3409.6 Alterations. A building, facility or element that is altered shall comply with the applicable provisions in Chapter 11 and ICC A117.1, unless technically infeasible. Where compliance with this section is technically infeasible, the alteration shall provide access to the maximum extent technically feasible.

Exceptions:

1. The altered element or space is not required to be on an accessible route, unless required by Section 3409.7.
2. Accessible means of egress required by Chapter 10 are not required to be provided in existing buildings and facilities.
3. The alteration to Type A individually owned dwelling units within a Group R-2 occupancy shall meet the provision for a Type B dwelling unit and shall comply with the applicable provisions in Chapter 11 and ICC/ANSI A117.1.

3409.7 Alterations affecting an area containing a primary function. Where an alteration affects the accessibility to, or contains an area of primary function, the route to the primary function area shall be accessible. The accessible route to the primary function area shall include toilet facilities or drinking fountains serving the area of primary function.

Exceptions:

1. The costs of providing the accessible route are not required to exceed 20 percent of the costs of the alterations affecting the area of primary function.
2. This provision does not apply to alterations limited solely to windows, hardware, operating controls, electrical outlets and signs.
3. This provision does not apply to alterations limited solely to mechanical systems, electrical systems,

installation or alteration of fire protection systems and abatement of hazardous materials.

4. This provision does not apply to alterations undertaken for the primary purpose of increasing the accessibility of an existing building, facility or element.

3409.8 Scoping for alterations. The provisions of Sections 3409.8.1 through 3409.8.12 shall apply to alterations to existing buildings and facilities.

3409.8.1 Entrances. Accessible entrances shall be provided in accordance with Section 1105.

Exception: Where an alteration includes alterations to an entrance, and the building or facility has an accessible entrance, the altered entrance is not required to be accessible, unless required by Section 3409.7. Signs complying with Section 1110 shall be provided.

3409.8.2 Elevators. Altered elements of existing elevators shall comply with ASME A17.1 and ICC A117.1. Such elements shall also be altered in elevators programmed to respond to the same hall call control as the altered elevator.

3409.8.3 Platform lifts. Platform (wheelchair) lifts complying with ICC A117.1 and installed in accordance with ASME A18.1 shall be permitted as a component of an accessible route.

3409.8.4 Stairs and escalators in existing buildings. In alterations where an escalator or stair is added where none existed previously, an accessible route shall be provided in accordance with Sections 1104.4 and 1104.5.

3409.8.5 Ramps. Where steeper slopes than allowed by Section 1010.2 are necessitated by space limitations, the slope of ramps in or providing access to existing buildings or facilities shall comply with Table 3409.8.5.

TABLE 3409.8.5
RAMPS

SLOPE	MAXIMUM RISE
Steeper than 1:10 but not steeper than 1:8	3 inches
Steeper than 1:12 but not steeper than 1:10	6 inches

For SI: 1 inch = 25.4 mm.

3409.8.6 Performance areas. Where it is technically infeasible to alter performance areas to be on an accessible route, at least one of each type of performance area shall be made accessible.

3409.8.7 Dwelling or sleeping units. Where I-1, I-2, I-3, R-1, R-2 or R-4 dwelling or sleeping units are being altered or added, the requirements of Section 1107 for Accessible or Type A units and Section 907 for accessible alarms apply only to the quantity of spaces being altered or added.

3409.8.8 Jury boxes and witness stands. In alterations, accessible wheelchair spaces are not required to be located within the defined area of raised jury boxes or witness stands and shall be permitted to be located outside these spaces where the ramp or lift access restricts or projects into the means of egress.

3409.8.9 Toilet rooms. Where it is technically infeasible to alter existing toilet and bathing facilities to be accessible, an
